CHINESE SAMPAI IMP.

Mr. Eddy Will Put It Into Use on Some Nearby Lake.

The steamship Acaia, which arrived Friday night from ports in China, brought a sampan, or native rowboat, consigned to Messrs D. Eddy of East, Eddy & Co., 30 Broad street. The sampan, which is the first ever brought to this country, is probably the most easily and portable craft to be used in these waters. She is about thirty feet long and is eight feet wide at her greatest breadth. She is built of heavy native timber, but is so nicely designed as to have an easy and graceful appearance.

The steen, which rises high above the water line, broadens out and is painted with blue, red, black and green. The bow tapers gracefully and is also decorated. Two large wooden eyes protrude one on either side of the bow and give the craft a fishlike appearance. The native Chinaman believes that the boat could not go without eyes to see her about.

The natives are very proficient in rowing about in their queer little craft. Two long oars furnish the motive power. The rowers stand up in the centre of the boat. The boat responds to the slightest movement of the oars and can easily be completely turned around in its own length.

Mr. Eddy was not in his office yesterday, and had had no provision for the removal of his steen, which is the first ever brought to this country. Mr. Eddy's steen is now in the hands of the Chinese, who are now taking it to the lake where the sampan was to be used. It is understood that Mr. Eddy will place it in actual use on some nearby lake.

LARGE MONEY ORDER BUSINESS.

Good Evidence of Prosperity—A Seat Sum Sent Abroad.
Postmaster Van Cott has received from Supt. Joseph Elliott a report of the business transacted in the money order division of the General Post Office for the quarter ending Sept. 30, 1900.
The quarter ending Sept. 30, 1900, was the most successful in the history of the department, in comparison with other periods, is the lightest one in the year, but a glance at the figures below should convince the most skeptical that general prosperity is still in these United States, and that money is circulating freely throughout this country, while a real little sun has been sent abroad, mostly by the money order.

The total number of money order transactions for the quarter at the General Post Office, exclusive of stations and sub-stations, was 99,233, amounting to \$3,283,496.35, an increase of 106,503 in number, and of \$1,061,421.42 over the corresponding quarter of last year.

The money orders to the number of 58,218 were paid, amounting to \$2,290,295.98, an increase of \$276 in number, and of \$1,270,043.11, a gain in money of \$1.0 per cent. There were certified to and from foreign countries 299,397 money orders, aggregating \$1,833,595.46, an increase of 30,732 in orders and of \$688,203.97, a gain of 22 per cent.

Flourishing Society of Street Railway Men.
The Metropolitan Street Railway Association, composed of employees of the Metropolitan Street Railway Company, celebrated its fourth anniversary last night in Carnegie hall, 273 1/2 West 42d street. In West 42d street, from 197 to 100 to its present enrollment of 3,312, and last year was able to pay out \$1,000 in sick and death claims. Its resources now include \$5,783.53 in cash, a circulating library of 1,500 books to which the members and their families have access, and a bed in St. Vincent's Hospital, the gift of President Vreeland.

New Parochial Residence for St. Raphael's.
Plans were filed with the Building Department yesterday by George H. Streeter, architect, for a new five-story brick parochial residence, 273 1/2 West 42d street. In West 42d street, from 197 to 100 to its present enrollment of 3,312, and last year was able to pay out \$1,000 in sick and death claims. Its resources now include \$5,783.53 in cash, a circulating library of 1,500 books to which the members and their families have access, and a bed in St. Vincent's Hospital, the gift of President Vreeland.

Big Crop of Mushrooms in Jersey.
The fields of Bergen county, New Jersey, were covered yesterday morning with an immense crop of mushrooms. Fields in which they never grew before were literally covered with them. The warm weather and fog that prevailed Friday night brought them out.

New President of the Fitchburg.
C. T. Crocker has been elected President of the Fitchburg Railroad to succeed E. D. Codman, resigned. These new directors were also elected: Gordon Abbott, Frederic J. Stinson, Charles E. Ware, Robert Winsor and also Williams.
